

<b>UL 14 Performance Specifications (Ref.)*</b>	
Voltage	120 Volt 60 Hz
Idle Speed	2.2
Idle Amps	0.12
Idle Watts	8
Stall Amps	0.18
Stall Watts	12
Stall Torque	70 inlb
Back Gearing Torque	10 inlb

**UL Recognized Impedance Protected Coil**

**Dust Proof, Heavy Duty Zinc die-cast Housing**

**\*Standard 2 RPM - Other Output Speeds Available**

**(2) Standard Output Shafts: 3/16" Square or 5/16" Round with Dual Flats**

**(2) Standard Torque Designs: UL14 at 70 inlb Stall or UL6 at 45 inlb Stall**

**Cellular Manufactured in the USA with Readily Available Components**

**Optional Power Cords, Conduit Box, or Conduit Connector**

**Available AC Voltages from 24 Volt through 500 Volt**

**Heavy Duty Metal Geartrain Design**

**Low Back Gear Torque for Spring Return Applications**

3/28/18
