Announcement: Price Increase of Replacement HVAC Actuators.

Dear Valued Customer,

In these tumultuous times of long lead times, shortages, and supply chain issues, Multi has held firm in our values of providing our customers product in a timely fashion, shipping replacement HVAC actuators within 7-10 business days of ordering.

Unfortunately due to the rise of materials costs and shortages, Multi is announcing a price increase for our replacement HVAC actuators. Effective 12/1/2021 the price per actuators is increasing from \$180 per actuator to \$195 per actuator. We apologize for any inconvenience this may cause. Multi does still offer discounted pricing for orders of 15+ units and 25+ units.

Thank you for your continued business.
